## ***ELECTRONIC SERVICE CENTRE***

### **Why choose YORK?**

**Our mobile technicians are government certified,  
with over 30 years experience in the industry.**

**We currently service automotive dealers throughout most of Ontario  
and Western Quebec with over 20 technicians, and growing.**

**We offer a wide selection of both factory and aftermarket  
automotive accessories; for most makes and models.**

**We have a dealer team, both in headquarters, and out in  
the field who are dedicated to ensuring top quality customer care.**

**We are able to service small to large vehicle fleets  
with a wide selection of electronic solutions.**

**At York Electronics, we understand the importance of quality,  
which is why we continuously strive to improve our processes,  
products, and services; we have honored this commitment since 1993.**

**If you have something you want but don't see it,  
please, do not hesitate to give us a call. We have access to  
many products that are not featured in our catalog.**

***Customer service & satisfaction  
is our reputation!***

### TAG VEHICLE TRACKING

**Theft Prevention,  
Electronic Identification,  
Vehicle Tracking & Recovery**  
**Protect Your Vehicle**

**No fees. No wires. No problems.**

*On average,  
a car is stolen  
every 7 minutes  
in Canada.*

Tag is North America's most effective stolen vehicle tracking and recovery system. Tag is a completely standalone wireless system installed by a trained technician, and requires no electrical connection to your vehicle. There are no further fees after installation.

#### Guarantee

The Tag System carries a product and recovery warranty for the duration of your contract

#### Anti-Jamming Technology

Tag Tracking's unique anti-jamming technology is combined with a highly robust and secure communication protocol for maximum reliability

#### Reduced Theft Insurance Premium

Choosing to Tag your vehicle helps to reduce your theft insurance premium
